

# NEUREX ON SLEEP TOUR!

## STRASBOURG – FREIBURG – BASEL

SEPT. 6<sup>TH</sup> AND 7<sup>TH</sup> 2017

In the Neuroscience field, a same question can be studied from different scopes while trying to pick, out from the perfect Neuroscientist kit, the most optimal tool to check initial hypotheses. In the framework of its NeuroCampus project, Neurex offers its members to take a Tour and visit one lab in each city of the network where scientists work on a same topic with different approaches.

### The Topic of this second Lab Tour will be Sleep & Sleep Disorders.

It will take place on Sept. 6<sup>th</sup> and 7<sup>th</sup> 2017. The Tour will start in Strasbourg, follow the Rhine River upstream to arrive in Freiburg and then finish in Basel.
